Dear Joan Helvie:

SUBJECT: Obligation Action, Public Housing Operating Subsidies,
LOCCS/PAS Project No: **IA00100106D**.

In accordance with PIH Notice 2005-31, *Federal Fiscal Year (FFY) 2006 Initial Determination and Obligation of Operating Subsidy*, this letter obligates **\$19,005** of operating subsidy for the months of July, August, and September of 2006 for PAS Project No: IA00100106D. This amount represents nine months of subsidy eligibility, adjusted both for proration and for any amount already obligated for the first six months of the year. This funding cycle has a provisional proration level equal to **85.5** percent of FFY 2006 operating subsidy eligibility. The proration considers that, for FFY 2006, Congress appropriated \$3.6 billion for the Operating Fund program. A rescission of 1 percent reduced the amount of funds available to \$3.564 billion.

In accordance with PIH Notice 2005-35, *Guidance on Methods and Schedules for Calculating Federal Fiscal Year (FFY) 2006 Operating Subsidy Eligibility and Issuance of Local Inflation Factors, Formula Expense Level Equation Multipliers, and Related Tables*, PHAs must submit their FFY 2006 revisions by July 7, 2006. Until these revisions are processed, the Department will not be able to determine final proration level for FFY 2006. The final proration level will be established in the obligation for the final quarter.

The obligated funds are available to a PHA through eLOCCS. All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. Instructions for the use of eLOCCS are found in Notice PIH 2002-28 (HA), Subject: Use of eLOCCS (electronic Line of Credit Control System) to Request Operating Subsidy Payments and Elimination of Form HUD-52721.

Sincerely,

In accordance with PIH Notice 2005-31, *Federal Fiscal Year (FFY) 2006 Initial Determination and Obligation of Operating Subsidy*, this letter obligates **\$34,540** of operating subsidy for the months of July, August, and September of 2006 for PAS Project No: IA01500106D. This amount represents nine months of subsidy eligibility, adjusted both for proration and for any amount already obligated for the first six months of the year. This funding cycle has a provisional proration level equal to **85.5** percent of FFY 2006 operating subsidy eligibility. In accordance with PIH Notice 2005-35, *Guidance on Methods and Schedules for Calculating Federal Fiscal Year (FFY) 2006 Operating Subsidy Eligibility and Issuance of Local Inflation Factors, Formula Expense Level Equation Multipliers, and Related Tables*, PHAs must submit their FFY 2006 revisions by July 7, 2006. Until these revisions are processed, the Department will not be able to determine final proration level for FFY 2006. The final proration level will be established in the obligation for the final quarter.

The obligated funds are available to a PHA through eLOCCS. All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. Instructions for the use of eLOCCS are found in Notice PIH 2002-28 (HA), Subject: Use of eLOCCS (electronic Line of Credit Control System) to Request Operating Subsidy Payments and Elimination of Form HUD-52721.

This amount represents nine months of subsidy eligibility, adjusted both for proration and for any amount already obligated for the first six months of the year. This funding cycle has a provisional proration level equal to **85.5** percent of FFY 2006 operating subsidy eligibility. The proration considers that, for FFY 2006, Congress appropriated \$3.6 billion for the Operating Fund program. A rescission of 1 percent reduced the amount of funds available to \$3.564 billion.

In accordance with PIH Notice 2005-35, *Guidance on Methods and Schedules for Calculating Federal Fiscal Year (FFY) 2006 Operating Subsidy Eligibility and Issuance of Local Inflation Factors, Formula Expense Level Equation Multipliers, and Related Tables*, PHAs must submit their FFY 2006 revisions by July 7, 2006. Until these revisions are processed, the Department will not be able to determine final proration level for FFY 2006. The final proration level will be established in the obligation for the final quarter.

The obligated funds are available to a PHA through eLOCCS. All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. Instructions for the use of eLOCCS are found in Notice PIH 2002-28 (HA), Subject: Use of eLOCCS (electronic Line of Credit Control System) to Request Operating Subsidy Payments and Elimination of Form HUD-52721.

This funding cycle has a provisional proration level equal to **85.5** percent of FFY 2006 operating subsidy eligibility. The proration considers that, for FFY 2006, Congress appropriated \$3.6 billion for the Operating Fund program. A rescission of 1 percent reduced the amount of funds available to \$3.564 billion.

In accordance with PIH Notice 2005-35, *Guidance on Methods and Schedules for Calculating Federal Fiscal Year (FFY) 2006 Operating Subsidy Eligibility and Issuance of Local Inflation Factors, Formula Expense Level Equation Multipliers, and Related Tables*, PHAs must submit their FFY 2006 revisions by July 7, 2006. Until these revisions are processed, the Department will not be able to determine final proration level for FFY 2006. The final proration level will be established in the obligation for the final quarter.

The obligated funds are available to a PHA through eLOCCS. All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. Instructions for the use of eLOCCS are found in Notice PIH 2002-28 (HA), Subject: Use of eLOCCS (electronic Line of Credit Control System) to Request Operating Subsidy Payments and Elimination of Form HUD-52721.
